

Regence Blue Shield - Medicare Part D Creditable Coverage

Regence Blue Shield has sent a reminder letter to their customers regarding the creditable coverage disclosure obligation for Medicare Part D. You may have received, or will soon be receiving, a copy of this letter. Prior to November 15 of each year a disclosure notification must be sent to all Medicare eligible participants under the group prescription drug plan. Kibble & Prentice recommends notifying all covered participants, as you may not know whether a participant (including a spouse or dependent) is Medicare eligible.

Please be advised that this is not a new obligation and that you may have already complied with the requirement when you renewed your current plan. In the next few weeks, Kibble & Prentice will be providing the Centers for Medicare & Medicaid Services (CMS) approved model notices to you. You may customize these notices to meet your compliance obligations, if you have not already sent the disclosure notice this year.

Should you have any questions about the creditable coverage notification or would like additional information, please contact your Client Service Team at Kibble & Prentice.
